Re: Steel Framing Design Support
Agreement 00-05-SF (ALL:17)

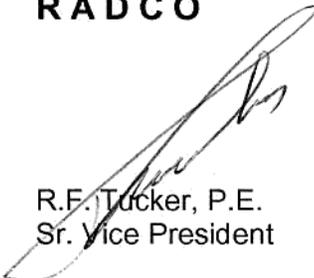

Dear Mr. Levy:

RADCO has completed a design review of the prototype steel frame manufactured housing design, and find it to be in compliance with the Manufactured Housing Construction and Safety Standards. This design includes the results of recent conferences between RADCO, Dean Peyton of Anderson-Peyton, and Ed Salsbury and the comments included in the Anderson-Peyton Memo Pad #17, dated March 12, 2001.

Thank you for the opportunity to review this design for MHRA.

Sincerely,

RADCO

R.F. Tucker, P.E.
Sr. Vice President
